「Hokkaido Business Aviation Center」

Hokkaido Airports *
OPERATED BY UNIVERSAL Aviation

Hokkaido Business Aviation Center

Spend a blissful time at a luxurious and extensive facility

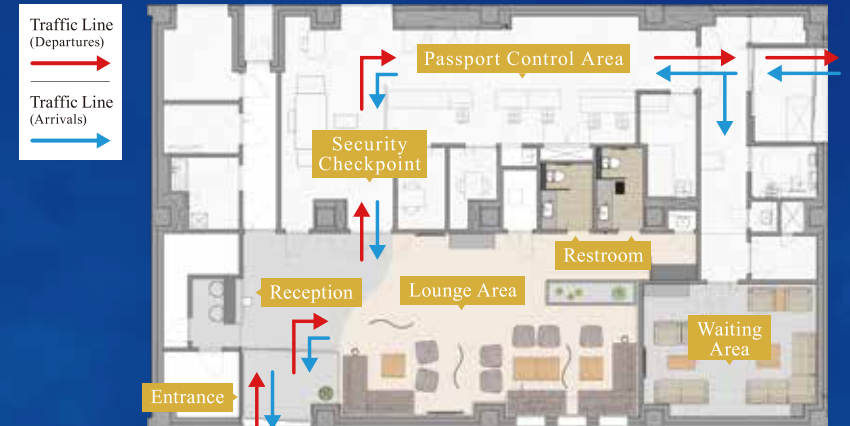

We offer lounge and exclusive waiting area under the theme of Hokkaido's magnificent nature.

The facility is independently separated from the terminal building. With an exclusive CIQ and security checks, we provide a private and smooth travel experience.

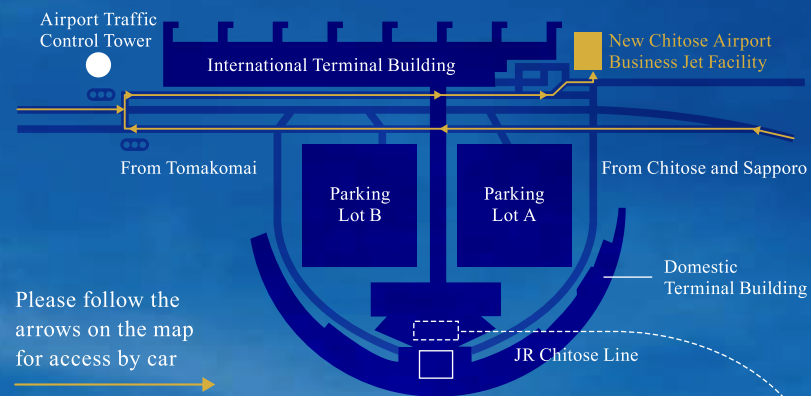

The facility is available for both domestic and international flights as well as minimal use during technical landings

Gateway facility for our guests' luxurious stay in Hokkaido

Under the theme of Hokkaido's wind, light, and soil, the facility provides service to ensure comfortable stay

An independent facility separated from the terminal building, providing privacy and security.

Please follow the arrows on the map for access by car

Excellent access to the world-famous destinations
